Maximising your booth

1. Plan

- Have plenty of promotional material on hand: **500 - 1000** is an ideal number for printing flyers/brochures and merchandise.
- Offer easy to use **lead forms**, digital is preferable or use ConnectMe
- Plan and document your move-in and daily schedules, so all staff know what is expected, are on time and nothing gets missed.
- Make up a survival kit of stationary, note-pads, chargers, blue-tac, scissors etc. – we cannot provide any of these items to you, so be prepared.

Maximising your booth

2. Design

- Utilise as many visual elements as possible within budget and space including quality images, signage, banners, TV screens, merchandise but do not overcrowd your booth
- Have at least one interactive element eg spinning wheels, games, raffles, etc.
- Keep the booth clean and tidy
- Keep your booth focused and consistently branded across all items, utilise the **upgrades** and **design team** available from **ExpoNet**.

Maximising your Engagement

3. Engage

- **Smile** - ensure staff are attentive to attendees and not distracted by phones or laptops.
- **Make each attendee remember you** - Ask open ended questions to engage.
- Know your pitch, your organization and how to answer a variety of questions, including the difficult ones.
- **Creating a Communication Plan** for your team is a great way to prepare for the Expo.

WHAT MAKES YOU DIFFERENT FROM THE ORGANISATION NEXT DOOR?

Maximising your Leads

4. Maximising Leads

- **Use social media** as a medium to attract people to your booth and to share what is happening at the Expo in real-time or live.
- **Act Quickly** - capitalise on opportunities as quick as possible by having quick to fill out lead forms and take-home info sheets, business cards or a QR code with links straight to your website so you can track your leads and follow up at a later date.
- **Have a lead form** available to fill in
- **Use ConnectMe**

ConnectMe – Lead Capture
